

GET READY TO FLY

Our colleagues welcoming you at the airport will check the following documents. They will also be checked multiple times by quarantine officials on arrival in Hong Kong. Therefore, we strongly recommend you to have printed copies ready for your convenience.

Before you set off for the airport, please ensure you have the following items ready:

Last updated: 30 November 2021

1

Valid travel document

E.g. Your Hong Kong ID card, or passport

- [Check your eligibility to enter Hong Kong](#)

2

Cathay Pacific Travel History Declaration form

- [Download form](#)
- Print and complete

3

The test report must show:

- Your full name matching your travel document
- The sample was taken within 72 hours before flight departure
- The test type is polymerase chain reaction-based nucleic acid test (PCR)
- The test was negative
- [Cover letter](#) if not in English or Chinese

4

Laboratory accreditation document

- ISO 15189 accreditation, **OR**
- A document showing the laboratory is accredited by the relevant government authority
- [Cover letter](#) if not in English or Chinese

5

Designated quarantine hotel reservation

- Starts from day of arrival
- In a [designated quarantine hotel](#)
- Traveller's name(s) shown on the reservation
- 21 nights, regardless of vaccination status

6

Proof of vaccination (if applicable)

- Issued by health authority in country of vaccination
- Full name matching your travel document
- Date of last dose of vaccine (at least 14 days ago)
- Name of vaccine administered
- In English or Chinese
- [Cover letter](#) signed by a doctor, if above requirements not met

7

Dutch health declaration form

All travellers aged 13 and older flying to and from the Netherlands must:

- [Download form](#)
- Complete and print

Head to the airport early

Please arrive at the airport Airport at least four hours before your flight departs.

Prepare for your arrival in Hong Kong

Complete the [health & quarantine information declaration form](#) and get your QR code.
