E-ticket Reminders

1. It is the responsibility of passengers to ensure that their travel documents are valid and that they hold all necessary visas and medical certificates for entry into their destination. We reserve the right to refuse carriage if passengers fail to comply with such requirements. We will not be liable for any loss or expenses incurred by the passenger as a result of the passenger being refused entry into their destination.

2. Tickets must be used in sequence. If you fail to fly on a booked flight and you do not notify us, all onward and connecting bookings will be cancelled. In some countries, a no-show charge may also be collected. Please cancel your reservations if you do not intend to fly.

For tickets purchased in Italy: in case of non-use, for any reason, of the outgoing flight (or of a segment of the outgoing flight, or a segment of the return flight), the request to maintain the successive segments of the ticket may be only accepted if prior communication has been made to Cathay Pacific, contacting the Contact Centre at the following number: 800791720 (from abroad, +390299953954) or via email: customerservice_italy@cathaypacific.com which will be followed by a confirmation of receipt, within the time specified below :

- within 24 hours after the departure of the unused flight;
- if the departure of the next segment is within 24 hours of the unused flight, the communication to the Contact Center must be received at least 2 hours before the departure of the aforementioned next segment of the flight.

The Contact Center will issue a new electronic ticket with the modified itinerary, and the passenger will be able to check-in online (if available) or at the airport.

If the passenger does not make the aforementioned communication, or makes it after the above terms as indicated, subject to the seat availability on the next segment and subsequent flights, Cathay Pacific reserves the right to request payment of an amount equal to the difference between the price paid for the original ticket and the highest fare in the same class / travel compartment, applicable to the modified itinerary at the time the ticket is reissued, except in the case where the fare rules of the original ticket are more favourable for the passenger which will then be applied.

3. The time shown on the flight coupon or itinerary receipt is the departure time of the aircraft. Passengers should allow sufficient time to complete all the formalities and it is recommended that passengers arrive at the airport one and a half hours before departure time, at the latest. Cathay Pacific check-in counters normally close 40 minutes prior to the scheduled departure time, however, closing time may vary slightly at some airports.

Passengers arriving after this time may not be accepted for travel and no responsibility will be accepted in such cases. Please check with your local Cathay Pacific Office, www.cathaypacific.com/cx/en_HK/about-us/contact-us/worldwide-offices.html, as rules and check-in times vary by country and airport.

4. To minimise any disruption to your travel plan, please note the boarding gate will be closed 10 minutes before departure time. Late passengers may not be accepted for travel. Please arrive at the boarding gate at least 30 minutes before departure time to reserve sufficient time for boarding formalities.

5. Cathay Pacific and most major airlines may overbook services. While Cathay Pacific makes every effort to provide seats for confirmed reservations made, we cannot guarantee seat availability. Cathay Pacific operates compensation schemes, in accordance with the applicable law and our compensation policy, to passengers with confirmed reservations who are denied carriage because of overbooking.

6. This ticket is valid for carriage for one year from date of issue, except as otherwise provided in this ticket, in carriers tariffs, conditions of carriage, or related regulations.

European community regulation (EC) No.889/2002 notice

Air carrier liability for passengers and their baggage

This information notice summarises the liability rules as required by European Community legislation and as applied by Cathay Pacific in respect of international carriage. Approximate conversions from Special Drawing Rights (SDRs) to Euros are provided as a guide only and will be subject to fluctuation in currency conversion rates. Current exchange rates can be downloaded from www.imf.org/external/np/fin/data/rms_five.aspx

Compensation in the case of death or injury

There are no financial limits to the carrier's liability for passenger death or bodily injury caused by an accident on board the aircraft or during embarking or disembarking.

Where the Montreal Convention applies:

For proven damages up to 113,100 SDRs (approximately EUR 141,170) the carrier will not avail itself of any defence other than contributory negligence and will not otherwise exclude or limit its liability. Above 113,100 SDRs the carrier may defend the claim if it can prove that it was not negligent or otherwise at fault.

Where the Warsaw Convention and in all other instances:

For proven damages up to 100,000 SDRs (approximately EUR 124,820) the carrier will not avail itself of any defence other than contributory negligence and will not otherwise exclude or limit its liability. Above 100,000 SDRs the carrier may defend the claim if it can prove that it took all necessary measures to avoid the damage or that it was impossible for it to take such measures.

Where neither the Montreal nor the Warsaw Convention applies, different limits may be imposed by local law.

Passenger delays

In case of passenger delay, the carrier is liable for damage unless it took all reasonable measures to avoid the damage or it was impossible for it to take such measures. The carrier may rely upon the defence of contributory negligence.

Where the Montreal Convention applies;

Liability is limited to 4,694 SDRs (approximately EUR 5,860)

Where the Warsaw Convention applies:

Liability is limited to 16,600 SDRs (approximately EUR 20,720)

Where neither the Montreal nor the Warsaw Convention applies, different limits may be imposed by local law.

Destruction, loss, damage or delay to baggage

In relation to all baggage claims the carrier may rely upon the defence of contributory negligence.

Where the Montreal Convention applies:

The carrier is liable for destruction, loss or damage to checked baggage subject to applicable defences of inherent defect, quality or vice.

The carrier is only liable for destruction, loss or damage to unchecked baggage if it is proven that it was at fault.

The carrier is liable for damage arising out of delay to baggage unless it can prove that it took all reasonable measures to avoid the damage or it was impossible for it to take such measures.

Liability is limited to 1,131 SDRs (approximately EUR 1,410) per passenger for both checked and unchecked baggage.

Where the Warsaw Convention applies:

The carrier is liable for destruction, loss, damage or delay to baggage unless it can prove that it took all reasonable measures to avoid the damage or it was impossible for it to take such measures.

Liability is limited to 17 SDRs (approximately EUR 21) per kilogram of checked baggage and a total of 332 SDRs (approximately EUR 414) in the case of unchecked baggage. These limits do not apply if it is proven that the damage resulted from the carrier's reckless act or omission done with knowledge that damage would probably result.

Where neither the Montreal nor the Warsaw Convention applies, different limits may be applied by local law. If local law does not specify any limits, the limits applicable are the same as those for the Warsaw Convention.

Higher limits for baggage

A passenger can benefit from a higher liability limit by making a special declaration of value at the latest at check-in and by paying a supplementary fee. Alternatively, if the value of baggage exceeds the applicable limit of liability it should be fully insured by the passenger prior to travel.

Complaints on baggage

If the baggage is damaged, delayed, lost or destroyed, the passenger must write and complain to the air carrier as soon as possible. In the case of damage to checked baggage, the passenger must write and complain within seven days and in the case of delay within twenty-one days, in both cases from the date on which the baggage was placed at the passengers disposal.

Liability of contracting and actual carriers

If the carrier actually performing the flight is not the same as the contracting carrier, the passenger has the right to address a complaint or to make a claim for damages against either. If the name or code of a carrier is indicated on the ticket, that carrier is the contracting carrier.

Time limit for action

Any action in court to claim damages must be brought within two years from the date of arrival of the aircraft, or from the date on which the aircraft ought to have arrived.

This is a notice required by European Community Regulation (EC) No. 889/2002 amending Regulation No 2027/97. This notice cannot be used as a basis for a claim for compensation, nor to interpret the provisions of the Regulation or the Montreal or Warsaw Convention and it does not form part of the contract between the carrier and passenger.
